Company Continues to Execute Comprehensive, Operational Transformation Plan to Drive Growth and Cost Savings

LAS VEGAS, March 14, 2024 (GLOBE NEWSWIRE) -- HF Foods Group Inc. (NASDAQ: HFFG) ("HF Foods", or the "Company"), a leading food distributor to Asian restaurants across the United States, reported unaudited financial results for the fourth quarter and full year ended December 31, 2023.

Fourth Quarter 2023 Financial Results

- Net revenue decreased 3.8% to \$280.9 million compared to \$291.9 million in the prior year.
- Gross profit increased 3.0% to \$52.3 million compared to \$50.7 million in the prior year. Gross profit margin increased to 18.6% compared to 17.4% in the prior year.
- Net income (loss) increased to net income of \$2.7 million compared to net loss of \$3.5 million in the prior year.
- Adjusted EBITDA increased 372.6% to \$20.4 million compared to \$4.3 million in the prior year.

Full Year 2023 Financial Results

- Net revenue decreased 1.9% to \$1,148.5 million compared to \$1,170.5 million in the prior year.
- Gross profit decreased 0.7% to \$204.0 million compared to \$205.5 million in the prior year, Gross profit margin increased to 17.8% compared to 17.6% in the prior year.
- Net (loss) income decreased to a net loss of \$2.7 million compared to net income of \$0.2 million in the prior year.
- Adjusted EBITDA increased 11.1% to \$44.6 million compared to \$40.1 million in the prior year.

Management Commentary

"We are excited by the progress we have made on our operational transformation plan that we expect to help us drive long-term growth and profitability," said Peter Zhang, Chief Executive Officer of HF Foods. "We successfully expanded our margin through centralized purchasing for Seafood and exited low margin chicken processing businesses with a focus on our core operations in 2023. Our focus on centralized purchasing and improving overall operation efficiency will see us drive additional savings in other key categories. We have also recently entered into a partnership with a large and reputable national transportation provider with a focus on driving efficiency in our fleet upgrade, maintenance and fuel programs. We have already seen improvements in our key profitability metrics as a result of our optimization efforts, and look forward to these metrics continuing to reflect our progress. As the only scaled, nationwide operator dedicated to serving the growing Asian foodservice market, our deep customer loyalty and the incredible work of our entire team to execute our transformation initiative gives me more confidence than ever that we are well positioned to capitalize on these improvements in the near and long term."

Fourth Quarter 2023 Results

Net revenue was \$280.9 million for the fourth quarter of 2023 compared to \$291.9 million in the prior year period, a decrease of \$11.0 million, or 3.8%. The decline was primarily attributable to deflationary pricing in certain key commodities, and to a lesser extent the loss in revenue driven by the exit of the Company's chicken processing businesses in the second and third quarters of 2023, partially offset by higher volume.

Gross profit was \$52.3 million for the fourth quarter of 2023 compared to \$50.7 million in the prior year period, an increase of \$1.5 million, or 3.0%. Gross profit margin increased to 18.6% from 17.4% in the prior year period. The gross profit margin benefited from the Company's exit from its lower margin chicken processing businesses and the successful execution of its Seafood centralized purchasing program.

Distribution, selling and administrative expenses decreased by \$13.1 million to \$41.0 million, primarily due to a decrease of \$14.5 million in professional fees, partially offset by higher payroll and related labor costs. During the fourth quarter of 2023, the Company received net settlement amounts totaling \$10.0 million which reduced professional fees. Distribution, selling and administrative expenses as a percentage of net revenue decreased to 14.6% from 18.5% in the prior year period primarily due to lower professional fees, partially offset by increased headcount.

Net income (loss) increased to net income of \$2.7 million for the fourth quarter of 2023 compared to a net loss of \$3.5 million in the prior year period. The increase was primarily attributable to the decreased distribution, selling and administrative costs and higher gross profit, partially offset by the \$3.6 million change in the fair value of interest rate swap contracts, higher interest expense, and decreased tax benefit.

Adjusted EBITDA increased 372.6% to \$20.4 million for the fourth quarter of 2023 compared to \$4.3 million in the prior year. Adjusted EBITDA benefited from the \$10.0 million of total net settlement amount.

Full Year 2023 Results

Net revenue was \$1,148.5 million for the year ended December 31, 2023 compared to \$1,170.5 million in the prior year. The decline was primarily attributable to deflationary pricing in Seafood, Meat and Poultry, Asian Specialty and Packaging and Other. The revenue decrease due to pricing was partially offset by higher volume and the Seafood revenue generated due to the Sealand Food, Inc. acquisition ("Sealand Acquisition") which had a full year of revenue in 2023 compared to a partial year in 2022.

Gross profit was \$204.0 million for the year ended December 31, 2023 compared to \$205.5 million in the prior year period. The decline was primarily attributable to decreases in revenue from Meat and Poultry, and to a lesser extent, Packaging and Other, partially offset by the increased Asian Specialty revenue and the additional Seafood revenue generated due to the Sealand Acquisition and the successful execution of the Seafood centralized purchasing program. In 2023, poultry pricing declined from elevated levels that benefited the Company's gross profit in 2022. Gross profit margin of 17.8% represented an increase from 17.6% in the prior year.

Distribution, selling and administrative expenses for the year ended December 31, 2023 remained consistent with the prior year, having increased by \$0.1 million to \$195.1 million, primarily due to a decrease in professional fees as a result of \$10.0 million in net settlement amounts received during 2023, partially offset by increases of \$7.3 million in payroll and related labor costs, inclusive of the additional costs due to the Sealand Acquisition, and \$2.0 million in insurance related costs. Professional fees decreased \$12.9 million, or \$2.9 million net of the settlement amounts received, to \$13.9 million for the year ended December 31, 2023, from \$26.8 million for the year ended December 31, 2022. In addition, the Company recognized an asset impairment of \$1.2 million related to the exit of its chicken processing facility in 2023. Distribution, selling and administrative expenses as a percentage of net revenue increased to 17.0% for the year ended December 31, 2023 from 16.7% in the same period in 2022.

Net (loss) income for the year ended December 31, 2023 decreased to a net loss of \$2.7 million compared to net income of \$0.2 million in the prior year. The decrease was primarily attributable to a \$4.0 million increase in interest expense, as well as a change in fair value of interest rate swap contracts of \$2.4 million, partially offset by a change in lease guarantee expense of \$6.1 million.

Adjusted EBITDA for the year ended December 31, 2023 increased 11.1% to \$44.6 million compared to \$40.1 million in the prior year. Adjusted EBITDA benefited from the \$10.0 million of total net settlement amount.

Cash Flow and Liquidity

Cash flow from operating activities decreased to \$15.8 million for 2023, compared to \$31.3 million in the prior year. The decrease in cash flow from operating activities was primarily due to the timing of working capital outlays. As of December 31, 2023, the Company had a cash balance of \$15.2 million and access to approximately \$37.6 million in additional funds through its \$100.0 million line of credit, subject to a borrowing base calculation.

The following table summarizes our unaudited condensed consolidated statements of cash flows:

(In thousands)	Year Ended December 31,	
	2023	2022
Net (loss) income	\$ (2,662)	\$ 235
Non-cash adjustments to net (loss) income	23,373	29,461

Forward-Looking Statements

All statements in this news release other than statements of historical facts are forward-looking statements which contain our current expectations about our future results. We have attempted to identify any forward-looking statements by using words such as "aims," "continues," "expects," "plans," "will," and other similar expressions. Although we believe that the expectations reflected in all of our forward-looking statements are reasonable, we can give no assurance that such expectations will prove to be correct. Such statements are not guarantees of future performance or events and are subject to known and unknown risks and uncertainties that could cause the Company's actual results, events or financial positions to differ materially from those included within or implied by such forward-looking statements. Such factors include, but are not limited to, the factors disclosed under the caption "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2023 and other filings with the SEC. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date made. Except as required by law, we undertake no obligation to disclose any revision to these forward-looking statements.

Non-GAAP Financial Measures

Discussion of our results includes certain non-GAAP financial measures, including EBITDA, adjusted EBITDA and non-GAAP net income (loss) attributable to HF Foods Group Inc., that we believe provides an additional tool for investors to use in evaluating ongoing operating results and trends and in comparing our financial performance with other companies in the same industry, many of which present similar non-GAAP financial measures to investors. The definitions of EBITDA, adjusted EBITDA and non-GAAP net income (loss) attributable to HF Foods Group Inc. may not be the same as similarly titled measures used by other companies in the industry. EBITDA, adjusted EBITDA and non-GAAP net income (loss) attributable to HF Foods Group Inc. are not defined under GAAP and are subject to important limitations as analytical tools and should not be considered in isolation or

as substitutes for analysis of our financial results as reported under GAAP.

We use non-GAAP financial measures to supplement our GAAP financial results. Management uses EBITDA, defined as net income (loss) before interest expense, interest income, income taxes, and depreciation and amortization to measure operating performance. In addition, management uses Adjusted EBITDA, defined as net income (loss) before interest expense, interest income, income taxes, and depreciation and amortization, further adjusted to exclude certain unusual, non-cash, or non-recurring expenses. We believe that Adjusted EBITDA is less susceptible to variances in actual performance resulting from non-recurring expenses, and other non-cash charges, provides useful information for our investors and is more reflective of other factors that affect our operating performance.

We believe non-GAAP net income (loss) attributable to HF Foods Group Inc. is a useful measure of operating performance because it excludes certain items not reflective of our core operating performance. Non-GAAP net income (loss) attributable to HF Foods Group Inc. is defined as net income (loss) attributable to HF Foods Group Inc. adjusted for amortization of intangibles, change in fair value of interest rate swaps, stock based compensation, transaction related costs, transformational project costs and certain unusual, non-cash, or non-recurring expenses. We believe that non-GAAP net income (loss) attributable to HF Foods Group Inc. facilitates period-over-period comparisons and provides additional clarity for investors to better evaluate our operating results. We present EBITDA, adjusted EBITDA, non-GAAP net income (loss) attributable to HF Foods Group Inc. in order to provide supplemental information that we consider relevant for the readers of our consolidated financial statements included elsewhere in its reports filed with the SEC, including its current Quarterly Report on Form 10Q, and such information is not meant to replace or supersede U.S. GAAP measures. Reconciliations of the non-GAAP financial measures to their most comparable GAAP financial measures are included in the schedules attached to this press release.
